Depending on your dental health, your dentist or hygienist will advise which plan is needed to maintain your dental health.

How do these appointments help you?

Dental health examinations provide:

- Clinical examination to catch developing problems early
- Checking for signs of oral cancer for early detection
- X-rays, where clinically necessary, for an in-depth examination of your oral health.

Scale and polish appointments provide:

- Removal of harmful hard plaque
- Advice and techniques to help you prevent tooth decay and gum disease
- Fresher breath and a brighter smile for improved self-esteem.

We believe this is the complete package to maintain your oral health.

We recommend joining to help reduce the risk of expensive restorative treatment in the future.

Please speak to any member of the team if you would like more information or for details on how to register.
